**FOR IMMEDIATE RELEASE**

**TANDEL SYSTEMS, INC. ANNOUNCES ACCEPTANCE  
INTO MICROSOFT PARTNER PROGRAM**

**Clearwater FL, April 8, 2008** – Tandel Systems, Inc. today announced it has earned its position in Microsoft's Partner Program, which recognizes Tandel's experience and impact in the technology marketplace. As a Partner, Tandel Systems, Inc. has demonstrated expertise with Microsoft technologies and proven ability to meet customer needs. Microsoft Partners receive a rich set of benefits, including access, training and support that give them a competitive advantage in the marketplace.

"Only companies that have demonstrated high levels of customer service, have proven their experience and have attained advanced certification receive the designation of Microsoft Partner," said Mike Varga, president and CEO of Tandel Systems, Inc. "We are so pleased to be recognized by Microsoft for our skills and expertise in providing customer satisfaction with Microsoft products and technology. This status allows us to clearly promote our relationship with Microsoft to our customers and to continue to enhance the offerings we provide."

Tandel Systems, Inc., based in Clearwater, Fla., with offices in Phoenix, Ariz. and Houston, Texas, uses business and mission understanding combined with technology to deliver innovative mission-critical solutions to government, defense, aerospace and critical infrastructure applications. Whether improving aerospace navigation, enterprise collaboration or distributed logistics management, Tandel Systems uses creative approaches, a can-do attitude and significant management experience to accelerate the time to benefit and to lower the cost of ownership for customers.

Tandel delivers services in Responsive Engineering™, Embedded and Test Solutions and eVisioning IT Enterprise Solutions, which include Asset Management, Content Management, Data Center Services and Service Oriented Architecture.

The Microsoft Partner Program was launched in December 2003 and represents Microsoft's ongoing commitment to the success of partners worldwide. The Microsoft Partner Program offers a single, integrated partnering framework that recognizes partner expertise, rewards the total impact partners have in the technology marketplace, and delivers more value to help partners' businesses be successful.

**About Tandel Systems, Inc.**

Tandel Systems, Inc., (Tandel) is a leading Aerospace and Defense engineering solutions company headquartered in Clearwater, Florida, with regional offices in Phoenix, Arizona. Founded in 2001, Tandel provides high end engineering talent in the areas of systems design, development and testing on both an individual consulting and a managed project basis. Tandel Systems applies its program management expertise and advanced engineering discipline to solve complex mission and business problems for customers in government, defense, aerospace, aviation, and critical infrastructure.
